REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: While the prior art teaches the carbonization of cellulose fabrics that incorporate use of independent heating zones and the prior art teaches the carbonization of cellulose fabrics that incorporates the use of multiple different heating rates, the prior art does not teach the use of the independent heating zones and heating rates as specifically claimed by the applicant. It is additionally noted that the prior art of the latest office action requires the fiber fabric to have a residence time of only about sixty-six seconds and therefore cannot be expected to meet the claimed heating rates.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
